WELCOME TO THE 1st NEWSLETTER OF THE

Stardust PROJECT

Welcome to the first newsletter of the STARDUST Project, a European project funded under the Erasmus+ programme that started in September 2020 and will end in August 2022. The Stardust Project has a partnership of Seven organisations from Spain, Italy, Ireland, Portugal, Czech Republic, Serbia and Germany. The STARDUST project recognizes that performing artists are indispensable members of our society, and the team focuses on developing and putting into practice an array of educational resources, in order to provide performing artists with the tools required to face issues that may arise during and throughout their career.

Stardust AIMS TO...

- Develop a modular curriculum to help performing artists to fulfil their entrepreneurial potential. The modules are organised as per the scheme to the right.
- Develop an in-service training programme to be used by vocational educators to support their own professional development.
- Provide participants with an array of educational resources through a MOOC (a Massive Open Online Course)
- Provide a range of case studies from successful performing arts entrepreneurs in order to aid others in developing their personal skills.
