Stardust

Stardust Newsletter 3, April 2022

What's new?

We have held two transnational partner meetings so far in 2022. Some partners met face-to-face in Belgrade, Serbia in February, and others joined online. In March 2022, all partners met face-to-face in Berlin, Germany, and we were delighted to all finally see one another face-to-face for the first time. In both meetings, recent developments of the STARDUST project and upcoming tasks were discussed.
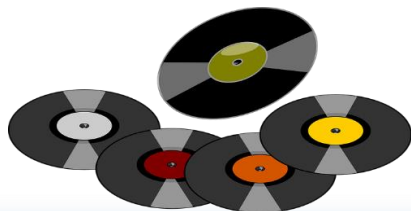

Belgrade, February 2022   *Berlin, March 2022*

What are the next steps?

The next crucial step in the STARDUST project is the piloting of all project outputs. Partners have begun implementing the piloting and plan to have all intellectual outputs piloted by our next transnational partner meeting. Our next partner meeting will be held at the beginning of June 2022 in Virginia, Ireland.

Keep up to date with the STARDUST project:

Project status

IO1- Performing Arts Curriculum
Project partners have produced all of the content for the Performing Arts Curriculum, and content has been translated into all partner languages. Partners will now begin piloting this curriculum in their countries, and IO1 will be fully completed by our next meeting in Ireland at the beginning of June!

IO2- In-Service Training for VET Professionals
The in-service training programme that supports VET trainers to deliver the new curriculum to performing artists has now been completed in English, and partners have begun translating all content into their partner languages.

IO3- MOOC
The MOOC has been fully developed, and responsible partners have begun and will continue to upload content to the platform as it is finalised.

IO4- Performing Artist Business Case Studies
Partners have almost collected all of their case studies, and we are so excited to share the experiences of these influential performing artists with you. All IO4 content is due to be completed and finalised by the middle
