Performing Arts Entrepreneurs Newsletter 4, July 2022

What's new?

Project partners met in Valencia, Spain on the 6th of July 2022 for the final face-to-face Transnational Partner Meeting of the STARDUST project, hosted by IFESCOOP, project coordinator. All partners have completed their local pilotings of IO1 (Performing Arts Curriculum), and IO2 (In-Service Training Programme), and partners discussed the final tasks to be completed before the end of the project.

STARDUST TPM, Valencia, July 2022

What are the next steps?

Partners have begun planning their Multiplier Events in each partner country. A public STARDUST animation workshop will be held to promote the Performing Artists Entrepreneurship Curriculum, the MOOC, and the Case Study library. This event will be attended by a minimum of 20 performing artists, and VET professionals. We are excited to spread the word of the STARDUST project, and showcase the work we have completed over the last two years!

Project status

IO1- Performing Arts Curriculum

All of the content is ready in English and all partner languages, and each partner has piloted the curriculum in their countries with at least 12 performing artists.

IO2- In-Service Training for VET Professionals

All of the content for the In-service Training Programme has been completed and translated into all partner languages, and the in-service training has been implemented with VET tutors in each partner country.

IO3- MOOC

Final touches are being made to the STARDUST MOOC, and all project materials in all languages will be hosted on the platform by the end of the project lifecycle.

IO4- Performing Artist Business Case Studies

All partners have collected their case studies of performing artists in their partner countries.
